- Coaches cannot go: come up with a fall back plan

VI. National Team Update

- Camp was great in January. Competition and ranking events had a lot of participation for Croatia and Egypt. Bulgaria ended up with 3 bronze and 1 gold. NCAA tournament we will have practices in between sessions. James will take the lead on the training at NCAA's. After NCAA's we will be jumping into US Open and Pan Am's.
- UWW intention is to not have any World championships after 2024 Olympics. The only reason why they would do it is if a country will want to flip the bill.

Reminder to not say anything about the Final X location!
